

## Pairing the Bluetooth Remote Guide

LED  
Indicator

"OK"  
Button

"Return  
/Back"  
Button

1. Place the Bluetooth remote in pairing mode.

- Press & hold the "OK" and "Return/Back" buttons until the remote's LED indicator starts to flash.

2. Pair with the Flextv Set Top Box.

- Using the existing set top remote, press the setting (⚙️) to open the System Settings menu.
- Select the "Add Bluetooth Accessories" item.
  - On the list of items to pair with, choose the Flextv remote (may appear as "X96").
  - Note that it may take a few moments for the remote to appear in the list.
