

Remote Guide

Programming Learning Remote For TV

Note: The existing TV IR remote must be available.

1. Hold the existing TV remote very close (~1/2") to the learning remote (front to front)
2. Hold the learning remote's SET button until the light on it stays solid
3. Press the button to program on the learning remote (i.e., volume up)
4. Hold down the corresponding button on the existing TV remote (i.e., if volume up is pressed on the learning remote, press the volume up button the existing TV remote)
5. The light on the set top learning remote will change once it is successfully programmed
6. Repeat steps 3 to 5 for each button to be programmed
7. Press the SET button on the learning remote to end programming it
